

The Egyptian General Petroleum Corporation (EGPC) is keen on continuous updating of materialistic and human capabilities to cope with the latest technology in all petroleum related activities which require the continuity of managerial, technical and practical training as well as enhancing the leadership capabilities for all upper and middle management for taking the leadership positions.

In view of the effective role of advancement methods and managerial and leadership development in supporting and developing the Petroleum Sector work systems and mechanisms in addition to creating a competitive work environment relying on the effective change of work and performance indicators, an annual training plan is made to include various programs serving the managerial development and the specialized technical fields in the major training centers affiliated to EGPC at the Petroleum Sector Companies as follows:

1. Manar Misr Petroleum
2. Administrative Training Center at Alexandria Petroleum Company
3. Administrative and vocational Training Center at Suez Oil Processing Company
4. Nasr Petroleum Academy for Management and vocational Training at Suez
5. Administrative Training Center at Egyptian Petrochemicals Company in Alexandria
6. Administrative Training Center at Assiut Oil Refining Company
7. Vocational Training Center at Co-operation Petroleum Company
8. Technical Training Center at Petroleum Pipelines Company
